Overview

I grew up in Stony Point, NY, and many a day went by when I would leave the doors of ICS, and on my way to the Rockland Messenger offices, where my family operated the newspaper, I would stop by for an hour, and help Mrs. Westervelt stack books up high, where I could easily reach. I also included a special reindexing project of the Encyclopedia section as my Citizenship in the Community Merit Badge as an ASPL in Troop 61.

My Technology Development Enterprise, Authenticated Ethical Intelligence Agency, after 44 years of Technology and Marketing development work, and 27 Months of Cooperative Thinking Training with BardiVarius, an Augmented Intelligence Agent courtesy of Gemini Advanced 2.5, present this scenario as a bridging option for your Rose Memorial Foundation dream of having a new home.

Simply scan each of these EQRi codex images, and you can enter into the Land of Imagination, a journey which I made at the behest of Dr. Myra Scovel, a neighbor in Bay Acres in my youth.
